

Boulevard™ Bins and Recyclers

Materials: Boulevard Wood & Mild Steel

Our Boulevard wood trash receptacles are designed as an addition to complement our Boulevard wood planters and site furniture. It is a top open, top access style and may be delivered with an optional Rain Hood. The Boulevard receptacle is recommended for smaller, distinct environments such as cafes or roof tops. Tournesol's environmentally-friendly Boulevard wood is designed for 25+ years of service and makes a beautiful, long-lasting commercial-grade receptacle.

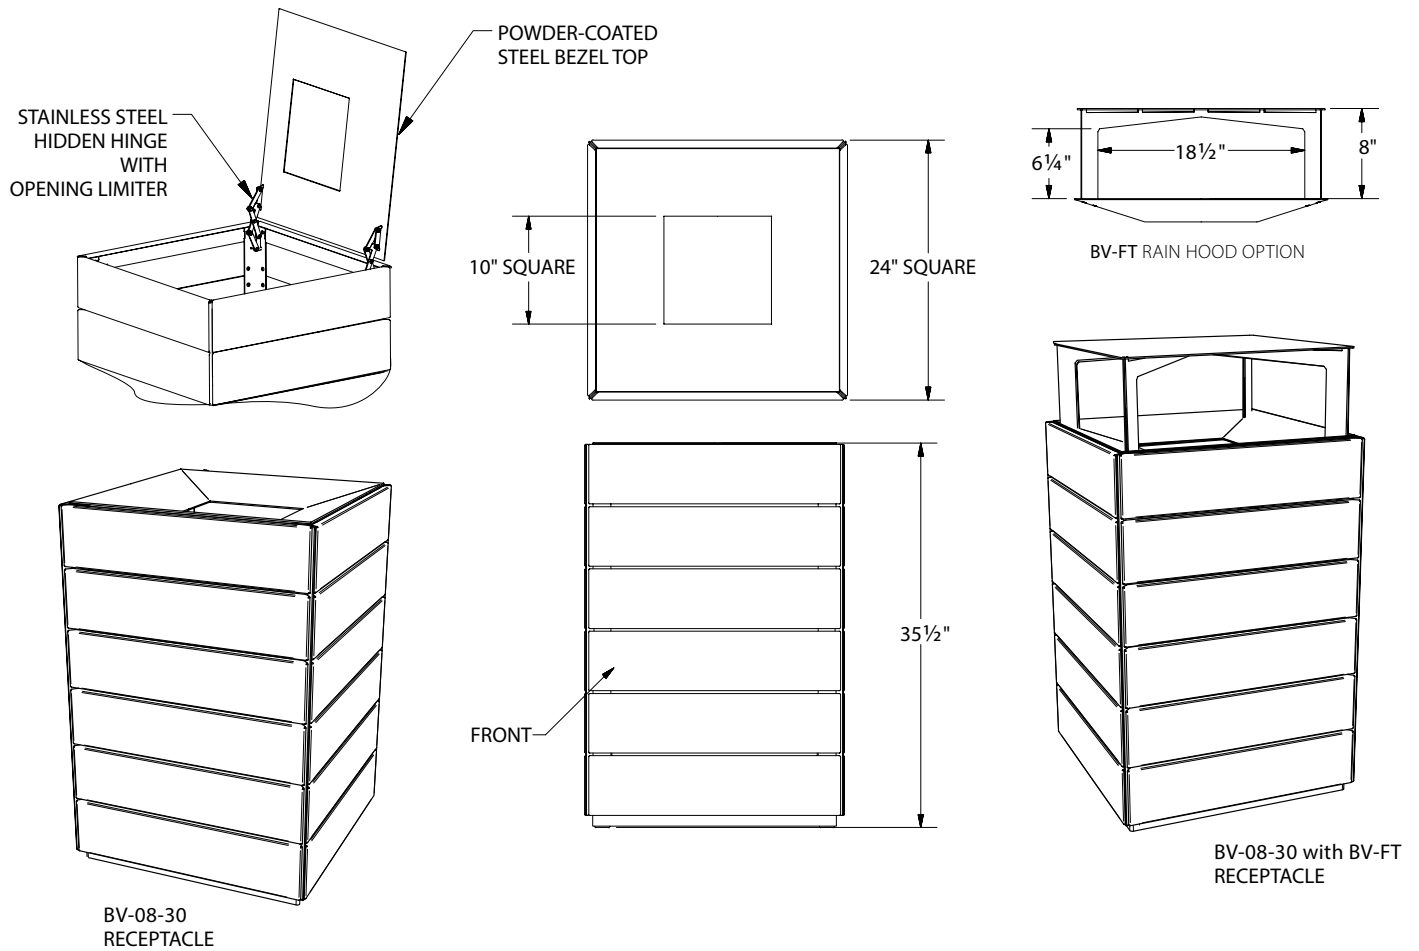

- Manufactured with a sturdy 11 gauge frame with corrosion resistant undercoat and black powder-coated finish
- Boulevard receptacles include a 30 gal. removable plastic liner
- Available in flat, hinged top for top-open access or with optional rain hood
- Matching planters, and benches available
