

Wilshire Planters Aluminum Round with Toe Kick

Wilshire Powder-Coated Aluminum Planters are an environmentally friendly option. Marine-grade aluminum is used to produce planters with the strength of steel but 40-60% of the weight.

POWDER-COATED ALUMINUM

Following fabrication, Wilshire Aluminum Planters are dry steam washed and pretreated with a closed loop, environmentally friendly zirconium solution before a zinc-free epoxy primer and AAMA 2604 polyester powder-coat is applied.

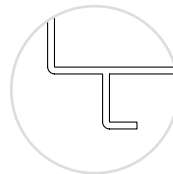

TOP LIP

Wilshire Planters in Aluminum come with a standard lip return.

BASE OPTION

See Wilshire Aluminum Round if no Toe Kick is desired. Wilshire Aluminum Planters are available with a toe kick option.
